

BIG SKY PRIVATE DINING

Private Chef - Calum Scobie

Big Sky Private Dining

"From learning how to cook in my hometown hotel in the Highlands, to casual, fine-dining in the city. I've embarked on my own journey and created Big Sky Private Dining to showcase Scotland's impressive produce, using local ingredients in keeping with the time of year. Private cheffing with The Harbour Chapel in East Lothian is an obvious choice for me where I can create bespoke dishes for your special event incorporating all the incredible local elements"

**Available to book for small groups and
